

**Burnside State High School  
Senior Digital Device Charter Agreement  
Year 11 2019**

Each Year 11 student at Burnside State High School in 2019 will be required to purchase a digital device supplied by the school to assist in their senior studies.

This will allow students to take their digital device home for study as well as access the intranet and Wi-Fi while at school. While your student is in Year 11 and 12 the school will manage the device, updates, apps and servicing. Students will not be able to add apps/programs unless required for their school studies.

At the completion of Year 12, and when full payment has been made, the student will assume ownership of the device and the school based filters will be removed which will enable the device to be unlocked.

Please note that students who already have Horizons laptops will be able to continue to use them if they are in good working order, even though the warranty has expired. If there are issues with the Horizons laptop it will be serviced by a school technician however any hardware replacement and maintenance fees will be charged to the student's school account.

**Fee for provision of digital device**

The following items and services are included in the Digital Device Package for students:

Digital Device item	Approximate cost per student over two years
Apple iPad Wi-Fi 128GB (9.7inch or 24.6cm)	\$493.43
iPad Case	\$53.90
AppleCare+ for iPad and two claim max (Two year extended warranty)	\$90.00
Apple management software	\$12.67
<b>Total cost</b>	<b>\$650.00</b>

Note: The above is an approximation as the cost will change at any given time a purchase is made due to the fluctuation of the US exchange rate

**Payment Cycles**

It is envisaged the device will be in use for the entirety of a student's senior high school education. After your student concludes their schooling at Burnside State High School and full payment has been made, your child will assume full possession of the device and the school based filters will be removed which will enable the device to be unlocked.

The minimum deposit for the digital device is \$150.00 to be paid to secure your student a digital device. The initial deposit is non-refundable once your student takes receipt of the device. Once the devices are purchased the exact price for the device will be known and that will determine the remainder of the payment schedule.

A \$150.00 non-refundable deposit will need to be paid before students receive the device to take home. Once purchased, the device may take up to 3 weeks to arrive at the school and be processed. The remainder of the annual cost will be invoiced and due to be paid in full prior to the commencement of Semester 2 2020.

Paid by – Term 4 Week 5 2018 (Year 10)	\$150.00 (non-refundable deposit)
Paid by – End of Semester 1 2019 (Year 11)	\$200.00
Paid by – Term 1 Week 5 2020 (Year 12)	\$150.00
Paid by – End of Semester 1 2020 (Year 12)	\$150.00

An alternative schedule of payment can be negotiated and needs to be signed off by parents/guardians and the Principal, as well as a BPOINT direct debit schedule set up and validated before students receive the device to take home. There is also the option of paying in full. Please do not hesitate to contact the school office to make an appointment to discuss the various payment options available to support parents/guardians under financial pressure.

If a student joins the program late, for example a student enrolls at the school after Year 11 begins, they will be required to pay the full amount by the end of Semester 1 2020. The payment schedule and amounts will be adjusted to reflect the total cost of the device.

If a student leaves the school early and they are no longer enrolled in Year 11 and 12, the device cannot be returned to the school and must be paid for in full. Once full payment has been made, the student will assume ownership of the device and school based filters will be removed which will enable the device to be unlocked.

### **Senior Digital Device Charter Agreement**

The Senior Digital Device agreement form must be signed and returned to the school with the non-refundable deposit by the due date before the digital device is ordered.

The student and parent/guardian must carefully read this Senior Digital Device Charter Agreement and Policy before signing it. Any questions should be addressed to the school and clarification obtained before the charter is signed.

In signing below, I acknowledge that I:

- Accept all policies and guidelines as per the Responsible Behaviour Plan for Students.
- Understand my responsibilities regarding the use and care of the digital device.
- Acknowledge that I understand and agree with all the conditions detailed in the Senior Digital Device Charter Agreement and Policy.
- Agree that the school will manage the device, updates, apps and servicing. Students will not be able to add apps/programs unless required for their school studies.
- Understand that failure to comply with the Senior Digital Device Charter and Policy could result in the recall of the digital device and/or loss of access for home use.
- Agree to make payment as per the payment cycle (see example above) including a deposit before the digital device is ordered.
- After reviewing and understanding the responsibilities outlined in the Senior Digital Device Charter and Policy, I agree to the provisions.

_____ Student name	_____ Signature of student	_____ Date
_____ Parent/guardian name	_____ Signature of parent/guardian	_____ Date
_____ School representative name	_____ Signature of school representative	_____ Date

Please return this form signed and make a payment of \$150.00 (deposit) to the school office to ensure your student is issued with a device at the beginning of the 2019 school year.
