1.3 Delivery and assessment

Requirement	Pre-enrolment information	Confirmed by RTOM
Transition	<p>This qualification's status on TGA is current at the time of this strategy's expected start date.</p> <p>If this qualification is superseded with a new version before the end of the expected duration of the program, then:</p> <ul style="list-style-type: none">• if practical, students will complete training and assessment and receive any appropriate certificates in the old qualification within 12 months of the release of the new version• if this is not practical, students will transition to the new qualification within 12 months and complete their training and assessment in the new version within the expected duration of the program. Credit will be arranged for units completed and deemed as equivalent.	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No

1.4 Certification		
Requirement	Description	Confirmed by RTOM
Certificates and Statements of Attainment	<p>If a student is assessed as meeting the requirements of the qualification, and all agreed fees the student owes to the RTO have been paid, then within 30 calendar days of all conditions being met:</p> <ul style="list-style-type: none"> • an AQF certificate and record of results will be issued if the qualification in which the learner is enrolled is complete • a statement of attainment will be issued if the qualification in which the learner is enrolled is partially complete 	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Credit arrangements	<p>Transitioning from an old version to a new version of a training product</p> <p>If the national register (training.gov.au) deems a superseded unit of competency to be equivalent to its new replacement, students may claim credit for a successfully completed superseded unit.</p>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
	<p>If a student already holds a unit of competency</p> <p>If a student has a statement of attainment for a unit of competency and it has the same code as a unit of competency making up this program, the student may make a claim for a credit transfer.</p>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Recognition of prior learning (RPL) arrangements	<p>Students may request recognition of prior learning (RPL) assessment. Students are advised of the opportunity to apply for RPL and, if requested, will be provided with an RPL document allowing them to provide verifiable details of prior learning. The evidence will be assessed for currency and against requirements of the units of competency, and an amended program strategy will be prepared, taking into account the student's prior learning.</p>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
	<p>Refer to VET Student Handbook and other electronic resources available at https://burnsideshs.eq.edu.au/Curriculum/VocationalEducation/Pages/VocationalEducation.aspx</p>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Reissuing of Certificates and Statements of Attainment	<p>The RTO maintains an auditable-quality register of all AQF qualifications (including statements of attainment) issued and authorised to issue. The register contains sufficient information to identify correctly the holder of the qualification, the AQF qualification by its full title, and date of issue/award/conferral.</p>	<p><i>The Standards require compliance with the AQF Register and Issuance policies. All RTOs will:</i></p> <ul style="list-style-type: none"> • <i>Maintain an auditable-quality register of AQF qualifications issued (including Statements of Attainment), containing sufficient information to identify correctly</i> <ul style="list-style-type: none"> – <i>the holder of the qualification</i> – <i>the AQF qualification by its full title</i> – <i>date of issue/award/conferral.</i> • <i>have a policy that permits replacement of certification documentation.</i> • <i>be responsible for authentication and verification of any replacement certification documentation.</i> <p>http://www.aqf.edu.au/resources/aqf/</p>
	<p>The RTO has a policy that permits the replacement of certification documentation, and maintains responsibility for authentication and verification of any replacement certification documentation.</p>	
	<p>Refer to VET Student Handbook and other electronic resources available at https://burnsideshs.eq.edu.au/Curriculum/VocationalEducation/Pages/VocationalEducation.aspx</p>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No

1.4 Certification		
Unique Student Identifier (USI)	The school RTO will not issue an AQF certificate, record of results or statement of attainment to a student without having a verified USI for that individual. The consequences of not providing the RTO with a USI have been explained to the student. Each student's USI will be recorded by the RTO in SLIMS before issuance of any AQF credentials.	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
	A student may access their training records and results (transcript) by accessing their USI account online from a computer, tablet or smart phone. For more information, see: http://usi.gov.au/Students/pages/default.aspx	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No

1.5 Reporting		
Requirement	Description	Confirmed by RTOM
Recording results (Adjust the first three points as appropriate)	<ul style="list-style-type: none"> Evidence-gathering tools are used as evidence of a student's progress toward competency. The interim outcome descriptors of 'Satisfactory' or 'Unsatisfactory' will be used on students' projects and evidence documents. Students may continue to submit evidence until they exit the program. Assessor may determine final outcomes for units of competency at any time, but only after sufficient valid evidence has been gathered and assessed and any pre-requisite units have been successfully completed. RTO management will record final outcomes (usually using the descriptors Competent, Not Competent, Credit Transfer, Superseded or Withdrawn) in Student Data Capture System (SDCS). All final outcomes must be entered into SDCS before the end of the last term of the VET program or immediately after a student exits the program. RTO management reports student enrolment data to QCAA within the first term of the student's commencement of the VET program. 	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Student profiles (Adjust the first two points as appropriate)	<ul style="list-style-type: none"> Student profiles are updated by the assessor and are accessible to students on request. Assessors update the profile to confirm an individual student's submission of evidence and record interim and final outcomes. RTO management uses final outcomes recorded in student profiles to update SDCS and/or SLIMS. 	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Projects and evidence-gathering instruments	<ul style="list-style-type: none"> All assessment activities, including projects and evidence-gathering tools, are identified by a code and listed in this document. A mapping document provides evidence of how assessment activities, projects and evidence-gathering tools meet the requirements for each unit of competency. 	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No

Section 2 Core and elective components

List the units that are going to be delivered and assessed as part of this strategy. Engage with industry to confirm the relevance of elective units selected, and record this in Section 7.

Relevant standards: 1.1, 1.2, 1.4, 1.7, 1.8(a), 1.12, 3.5, Schedule 5

Note: A prerequisite unit may be delivered through an integrated approach with the secondary unit; it does not have to be fully completed before starting the secondary unit. However, to satisfy formal requirements, the prerequisite unit must be signed off prior to the secondary unit

Optional units and flexibility

Students have the option to apply for RPL or credit transfer options. This could result from competencies completed at another school/institution, or competencies within the Certificate I in Business or Certificate II in Tourism run at Burnside State High School provided they meet the packaging rules for this qualification.

Section 3 Program details

Use Section 3 to record an outline of the proposed learning program for this qualification. Provide a brief summary of each intended assessment activity, its duration and the units it is fully or partially drawn from. Also list the evidence-gathering tools to be used with each activity. Detailed mapping does not have to be recorded here. Update this section as you improve or change the program. Engage with industry to confirm the program's relevance and briefly summarise this in Section 7.

Before you start developing assessment tools, consider how learning and assessment are usually integrated, with assessment evidence being collected and feedback provided to the student throughout the learning and assessment process. Holistic training and assessment brings together a number of units of competency — relevant to the industry sector, workplace and job role — into a 'cluster' (group) that reflects actual workplace practices. Any units that relate to a job function can be combined, and assessment tools designed to gather evidence in an efficient and effective assessment process. Industry sees this approach as realistic and essential for both delivery and assessment.

Developing assessment tools

Use these four steps to develop your assessment tools.

1. Read through the units of competency making up the qualification to understand all their requirements. Make notes on any specific requirements like foundation skills not explicit in the performance criteria, assessment conditions and performance frequencies and knowledge evidence.
2. Develop and document a series of assessment activities that reflect the performance and knowledge demonstrated by a competent person in this industry. In the document describe the context of the activities and include clear and comprehensive instructions to the trainer, assessor and student. A casual reader of the activity document should easily identify what has to be done, when, where and to what standard. Summarise each of these assessment activities in Section 3.
3. Develop a set of evidence-gathering tools for each assessment activity. Include instructions to the assessor and student on how they are to be used. All assessment techniques basically fall into the following categories: direct observations of student activity, questions (written, online or direct verbal), and reviews of things a student produces (project work, folios, artefacts, online materials, services etc.). In addition, there may be third party written reports. List these assessment tools in Section 3.
4. Develop a single mapping or benchmarking tool to establish validity for all assessment tools identified in this TAS. It will indicate the relationship between the requirements of the unit/s of competency, the activities and evidence gathered. Record the unit/s for which partial or complete evidence will be gathered in Section 3.

When this qualification is due for validation ensure that Section 8 is completed and the assessment tools, including the mapping tool are available for validators.

Relevant standards: 1.1, 1.2, 1.3(c), 1.8, 2.1, 2.2, 5.2

Section 4 Work experience

Use this section to outline any work experience arrangements. The RTO must disclose to the student before enrolment, in print or electronic copy, whether work experience is a requirement to successfully complete the qualification. Under the legislation, a work experience arrangement must be in writing, and 'must be made before the student starts a work experience placement' (*Education (Work Experience) Act 1996*, effective as of November 2014). Engage with industry to confirm the relevance of work experience and record this in Section 7.

Whether work experience is compulsory or not, are the following conditions met?

- Is there a written agreement between the work experience provider and the RTO?
- Will the work experience provider offer realistic workplace experience relevant to this program?
- Has the work experience provider agreed to complete written third party reports for each student?

Relevant standards: 1.1, 1.5, 1.6(a), 1.8, 2.1, 5.2, 8.5
