School Overview

Burnside State High School's motto is "Smaller,Smarter,Safer". Burnside SHS is a school with high expectations around achievement and student behaviour. Everything we do at Burnside is based around our core values of, Care, Consideration and Co-operation. Burnside State High School currently has 840 students in years 7 to 12. Burnside State High School offers a quality education in a caring, safe, small-school setting. Our small enrolment is advantageous for the following reasons: lower class numbers; wide selection of subjects; more personal attention; greater access to support services; greater access to education services, such as computers, sporting facilities and library resources and a more thorough knowledge and understanding of each student's needs. Year 7 students study english, mathematics, science, humanities, health and physical education all year, with a term each of home economics, technology and design, art, business, music, drama and LOTE (Japanese and Indonesian) Year 9 students study english, mathematics, science and humanities and physical education. They choose 4 elective subjects. Year 10 students complete their foundation for senior school studies studying foundation for senior english, mathematics, science, humanities and three optional subjects. In senior, an extensive range of subjects is offered with a 4 day timetable which supports students undertaking a school-based traineeship. Burnside SHS also offers the "Horizons 1:1 laptop class for years 7 to 9. Burnside SHS is also a volleyball school of excellence and an Independent Public School. Burnside State High School is an accredited Regional International School and Mature Age School. Burnside State High School also offers the award-winning STEMM program. Burnside State High School enrolments consist of 7% indigenous students and 10% of students with a disability.

Principal's Foreword

Introduction

Welcome to our School Annual Report for the 2017 academic year. The School Annual Report provides parents, students and members of the school community information about our achievements over the past year and describes our performance in a range of priority areas and the outcomes we have achieved.

The School Annual Report also describes features of our school and provides information on progress towards our planned goals and our aspirations for the future.

Burnside State High School's purpose is to "achieve the best possible educational outcomes for all our students".

Students, parents and staff in 2017 were involved in the school's Quadrennial School Review process. This is the strategic plan for the school's future for the next four years. Burnside State High School is driven to continue improving on what we are already achieving. The school community is very proud of Burnside State high School's achievements in 2017 and community confidence is

very strong in Burnside State High School being the school of choice.

I am pleased to present this report to the Burnside State High School community. I look forward to the exciting year ahead as we all continue to be Caring, Considerate and Co-operative every day. Smaller, Smarter, Safer: that's Burnside State High School.

School Progress towards its goals in 2017

Burnside State High School had a very productive and successful year in 2017 with significant progress achieved in implementing the key strategic objectives detailed in the school's 2016 Annual Implementation Plan.

A snap shot of key strategic goals achieved in 2017 include:

- Literacy and Numeracy blocks using SRA program continue to support our improvement in NAPLAN.
- The Implementation of the Australian Curriculum, Assessment and Reporting Framework with comprehensive school based planning developed and implemented for all year levels.
- Developing Performance Framework and Individual Learning Plans for all staff.
- Improved outcomes for indigenous students.
- International Schools Program has seen enrolment numbers as a regional school increase and the addition of a sister school in India
- Students from Rishikul visited Burnside and Burnside students visited India
- Year 7 transition program continues to support the move to high school for this cohort of students.

Our success at the school begins in the belief that every student can achieve and the need to provide suitable pathways for all students.

Future Outlook

Burnside State High School will continue to focus on the performance of our students in the eight Key Learning areas with a specific focus on English, Mathematics, Science and History as we continue to implement the National Curriculum. We are focused on the introduction of the new Senior Curriculum in 2019 and external examinations. We will continue to strive for improved continuity in planning and curriculum delivery across all subject offerings and we will endeavour to increase the percentage of students who perform above the minimum standards in NAPLAN test results and maximise the percentage of students who are performing in the upper two bands of each domain.

To further enhance the teaching expertise a major focus for 2018 will be the continued development of the Burnside pedagogical toolbox with a focus on learning goals and differentiation. There will be a sharp focus on the use of learning goals and KUDs in all classrooms. Teacher performance development process will be extended to include teacher feedback to ensure teachers learn from each other and share best practice. The process has been updated to align to the Australian standards for teachers. In 2018 we introduced a new subject called Aviation and Modern Flight which will support the changing face of the job market and areas of demand in the future.

In the Senior phase of learning we will continue to strive to improve pathways for our students through investigation of further Certificate II and III courses that can be offered in 2019.

Team focus areas for development in 2018 will include:

- Burnside Pedagogical Toolbox
- Differentiation
- International schools program
- Environmental
- Staff and Student Well-Being and Workplace Health and Safety
- School Wide Positive Behaviour Support
- SATEs

We will continue to ensure that Burnside State High School remains a great place to learn by ensuring adherence to our Responsible Behaviour Plan with School Wide Positive Behaviour Support philosophy.

The development of our Junior Secondary model has ensured the smooth transition of year 7 students into high school. The future for Burnside State High School is very positive and exciting with so many new initiatives occurring.

Our School at a Glance

School Profile

Coeducational or single sex:	Coeducational
Independent Public School:	Yes
Year levels offered in 2017:	Year 7 - Year 12

Student enrolments for this school:

	Total	Girls	Boys	Indigenous	Enrolment Continuity (Feb – Nov)
2015	797	386	411	66	86%
2016	816	399	417	53	89%
2017	796	403	393	57	90%

Student counts are based on the Census (August) enrolment collection.

In 2017, there were no students enrolled in a pre-Prep** program.

** pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<https://qed.qld.gov.au/earlychildhood/families/pre-prep-indigenous>).

Characteristics of the Student Body

Overview

Burnside State High School was opened in 1979 and is situated in the foothills of the hinterland. Burnside State High School has gained a reputation for being a smaller high school option which focuses on relationships. The school has neighbouring education centres such as Sunshine Coast Institute of TAFE, Burnside State School and Nambour Special School. It is three kilometres from the Railway Station and Nambour Town Centre. Burnside State High School has a focus on a traditional curriculum as well as providing supportive, flexible curriculum programs for those students with special needs.

7% of the population identifies as being Aboriginal or Torres Strait Islander. Aboriginal and Torres Strait Islander students are well supported with an indigenous support officer. The Diverse Learning Hub (DLH) caters for students with disabilities and for those requiring learning support. 26 students in the Year 11 enrolments are STEMM (Supporting Teenagers with Education, Mothering and Mentoring students).

The Burnside feeder area has traditionally been the local area of Burnside along with the surrounding rural areas of Palmwoods, Woombye, Chevallum, Eudlo and Mapleton. We are however seeing evidence of students enrolling from outside our catchment. Students from these areas come from a range of socio-economic backgrounds ranging from lower income bands to middle income bands. A small but active Parents and Citizens Association supports the school. Parents are also involved in a variety of activities from canteen helpers, volleyball excellence program, library assistants and the many volunteers who support the STEMM program.

Average Class Sizes

The following table shows the average class size information for each phase of schooling.

AVERAGE CLASS SIZES			
Phase	2015	2016	2017
Prep – Year 3			
Year 4 – Year 6			
Year 7 – Year 10	21	21	21
Year 11 – Year 12	17	17	15

Curriculum Delivery

Our Approach to Curriculum Delivery

Our distinctive curriculum offerings include the Queensland Studies Authority core curriculum in the Key Learning Areas from years 7-9. These include: English, Mathematics, Science, Health and Physical Education, Humanities, The Arts, Technology and Languages. Also offered in Senior School years 10-12 are Queensland Study Authority and Authority Registered subjects, which support academic and vocational pathways. Burnside State High School has extensive vocational offerings and the four day timetable very much supports those students who wish to undertake a school based traineeship.

Valuable partnerships with the community have been forged through the Work Placement Program that includes work experience and field placement.

The school has distinctive curriculum offerings in the following areas:

- Diverse Learning Hub for students with disabilities and learning support; and
- Specialised programs for students with disabilities and accredited AUSLAN school
- STEMM (Supporting Teenagers with Education, Mothering and Mentoring) program
- SWAG: Students with a Goal for students at risk of dis-engaging from education
- Volleyball Excellence school
- A Beacon school which engages Year 10 students in future careers guidance
- International Schools Program
- Mature Age School

The Junior Secondary (Year 7-9)

- A unique junior secondary curriculum designed to prepare students for the Senior phase of learning
- Experienced junior secondary teachers equipped with the skills to encourage and engage adolescents with learning and achieving
- Intervention and support programs
- Horizons 1:1 laptop program

The Senior School (Year 10-12) offers:

- Foundation studies for Year 10
- TAFE and Private providers' partnerships to deliver Certificate courses
- Head start program in partnership with University of Sunshine Coast

Horizons 1:1 Laptop Program

The "Horizons Program" creates the opportunity for students to be a member of a digital classroom environment. The Horizon Laptop program will immerse students intensively in digital learning. Students will learn traditional subjects whilst developing important skills such as problem solving, lateral thinking, creativity, ethics, flexibility and independent learning.

Students will be supplied with:

- A state of the art lap top computer
- Protective case
- Industry standard software

Students will be part of a digital learning environment for their core subjects (Mathematics/Science, English/Humanities) whilst studying the same content areas as other year 7, 8 and 9 students. The curriculum content will be the same for all year 7, 8 and 9 students but the methods of teaching and learning will differ for those in the Horizon Program. Participants will have access to state of the art laptops to use as learning tools in the classroom.

Diverse Learning Hub (DLH)

The Diverse Learning Hub has a Head of Special Education Services (HOSES), Special Education Teachers who are case managers for their cohort of students, who are supported by teacher aides. Majority of the year levels have 15-17. Students with a disability who have a range of disabilities including Autism Spectrum Disorder, Intellectual Disability, Speech Language Impairment, Physical or Hearing Impairment. We have over 60 students who have Autism Spectrum Disorder which is quite unique to our school. There are over 15 students with an Intellectual Disability and also some students who have a Hearing, Speech Language or Physical Impairment.

Our clientele is varied, ranging from high functioning and academic students who have Autism Spectrum Disorder to students with other disabilities who may require their focus to be more on the development of life skills. All our senior students obtain a Queensland Certificate of Education or a Queensland Certificate of Individual Achievement. Where relevant senior students also are linked with agencies such as EPIC to assist with transition to work. This has been very successful with many students gaining successful employment.

The students with a disability at Burnside State High School are well supported by all staff and all achieve the highest level of success they are able to attain. It is very rewarding for all staff, parents and the community to witness the outstanding growth and development each student sustains during their time in our program. In 2017 numerous students with a disability won major awards at the Annual Awards Presentation. We expect this trend to grow. This is a great example of inclusion and how students with a disability are an integral part of the community at Burnside State High School.

Learning Support

Our Learning Support department operates within the whole school philosophy of Inclusion. Burnside State High is a fully inclusive school where students access the curriculum alongside their peers with appropriate supports, wherever and whenever possible.

Students who need curriculum support in order to achieve success at school are supported in a variety of ways depending on their needs to ensure maximum access to the curriculum.

Who accesses Learning Support?

Students who have a disability/learning difficulty that is not funded by the Education department for SEP (Special Education Plan) inclusion. For example, students with: dyslexia, dysgraphia, auditory processing problems, short term memory problems, non-specific learning difficulties, temporary physical disabilities (e.g. a broken arm). Also included are those students who are not yet diagnosed with a disability that would include them in the SEP.

It is important to note that not all students who access Learning Support are experiencing learning difficulties. Under a philosophy of inclusion it is important to support all students who request help. Students who feel they need help with study skills or organisational skills in order to achieve a higher grade (such as going from a "B" to an "A") will utilise our services during their own time (recesses or before/after school)

Learning Support is also available to those students where English is a second language (ESL). This includes temporary students from our "international" cohort and those ESL students who are permanently enrolled.

When do students access Learning Support?

Students with high learning needs are able to drop an elective so that they can take Learning Support as a subject. This gives them three lessons per week where the students are able to work on curriculum work with which they are having difficulty – homework, classwork, and assignments. Whilst getting help with their tasks, Learning Support staff build the skills that are lacking with an aim of creating independence for the student.

Students who do not wish to drop an elective can get the same help from Learning Support staff before/after school or during recesses.

Students are also occasionally allowed to come to Learning Support for specific help with a difficult class task during class time. (This is negotiated with Learning Support staff by the class teacher and will only happen if the student is agreeable)

Differentiation is a tool for inclusion.

As full inclusion for students can only happen when teachers differentiate for learning, it is the role of the Learning Support teacher to support classroom teachers in developing pedagogical strategies that cater for the diverse needs of their students. Learning Support staff assist class teachers with differentiating class tasks and assessment.

To assist staff with sourcing appropriate learning tasks for students who are not able to complete peer level work, Learning Support staff are building an online bank of resources for quick access by teachers.

Students are able to access the Learning Support room for assessment and have tests read or scribed according to need. Students come to Learning support for help with class work. They are offered and trained in assistive technology to help them achieve academic success.

ILP and ICP

ILP: Students identified with learning difficulties are supported through implementation of an Individual Learning Plan (ILP). The ILP give the class teacher information about their particular student and differentiation strategies that will help the student access the curriculum.

Data gathering for the ILP includes previous school/s academic history available from OneSchool and, in the case of year 7s, information gathered from their primary school teacher, anecdotal class teacher information, and discussion with the parent/carer.

ICP: An Individual Curriculum Plan (ICP) is implemented for those students who cannot access the curriculum of their peers and so will only be successful doing a curriculum of a lower grade. An ICP is also designed for a student who finds the curriculum far too easy and needs to be accelerated to a higher year level.

An ICP must firstly be agreed to by the parent/carer and is then created with the class teacher. Before an ICP is created it is essential enough data has been gathered by the class teacher to determine a correct year level curriculum. In some cases students may be assessed by the school Guidance Officer using a Psychometric test such as a WISC as a data gathering tool. Other data gathering tools such as the PROBE, PAT MATH and the NEALE are used by the Learning Support teacher to determine the student's cognitive level.

Literacy in the junior school

As we live in a print literacy culture our schools base most of a student's learning time on print literacy tasks. Our school, therefore, places a strong emphasis on building basic skills in this area. The aim of the program is not only to ensure 95% of students who participate in this two-year program are literate at a high school level but also to extend those students who already read and write well. We dedicate 105 minutes per week to literacy classes across all year 7 year 8 classes. Learning Support staff are responsible for the running of these classes.

Learning Support staff pre-test students and place them into like ability groups designed to accelerate their literacy learning. At the end of the two year program, students are post-tested again by Learning Support staff to track any improvement across the cohort. Learning Support is responsible for allocation of available teachers to this program and for its smooth running from year to year, maintaining texts and ordering work books and tracking teacher progress through the program

STEMM - Supporting Teenagers with Education, Mothering and Mentoring Program

Our program supports pregnant girls and young mothers in a safe, non-judgmental environment with individual support plans developed by trained case managers. The program has a major focus on re-engaging the girls with education but they are also given the opportunity to develop Life-skills, Parenting, Self-worth, Healthy relationships, Pre and Post Birth plans.

STEMM is the first of its type in Queensland. Instead of attending mainstream classes the STEMM curriculum is delivered in partnership with Sunshine Coast University, TAFE and Queensland Health.

The program currently has 26 girls enrolled. It runs 4 days per week, with each girl attending at least 3 days. It is located in one building in which there are two teaching classrooms with computer access and two rooms which operate as adjunct care facilities for the 37 children of the girls enrolled. The program was implemented in July 2008 and has had a number of graduating students who now attend the Sunshine Coast University and TAFE.

The program was also recognised in 2009 with a National Excellence in Teaching Award: Community Partnerships. STEMM has also for the 3rd year won the Regional Showcase award for Community or Industry partnerships. STEMM also was awarded a Schools Impact award in 2010 for community partnerships and received \$50 000. STEMM was also the feature story on 60 Minutes and was State award winner in 2012 Showcase Awards for Excellence in Innovation. See www.stemm.com.

Pursuit of Excellence Studies: Volleyball

The creation of the Pursuit of Excellence Studies: Volleyball course in 2003 has brought volleyball into the main stream curriculum rather than have it solely as an extra curricula element in the school. (Which it has been since 1991) This has given students the opportunity to pursue Sporting Excellence within a school environment.

Students in the Volleyball Program complete the full range of subjects offered at Burnside State High School. Through involvement in the Pursuit of Excellence Studies: Volleyball program students will develop a strong set of values and virtues such as: self-belief, discipline, leadership, responsibility, confidence, commitment, loyalty, integrity, courage and the ability to work as a team member towards common goals. High expectation in each of these areas is the foundation of the Pursuit of Excellence Studies: Volleyball program.

All Year 7 and 8 students will have the opportunity to apply and then trial for a place in the Year 7 and 8 Pursuit of Excellence Studies: Volleyball class during term 2. The class begins at the start of Semester 2.

We currently have Pursuit of Excellence Studies: Volleyball (PESV) in Year 7, 8, 9 and 10. We have had significant successes since the course began, including:

- In 2014 Burnside High had 15 students (out of a possible total of 40) represent the Sunshine Coast Region at QSSV Open & U16 State Titles
- Daniel Campbell from our 2014 Open Boys Team represented Queensland at the Trans-Tasman Volleyball Championships in June on the Gold Coast.
- In 2014, Caleb McAllister represented Queensland at the SSA Nationals U16 Volleyball Championships.
- Volleyball has been established at Burnside since 1991, and we have been ranked in the top 5 in Queensland since 1995 (as high as #1) and ranked nationally since 1993.

2012

- Gold Medal Youth Girls Div. 2 – AVSC
- Sunshine Coast Volleyball Champions
- Gold Medal Open Girls Div. 1 – QVSC
- Bronze Medal Senior Boys Honours – QVSC
- Bronze Medal Youth Boys Div. 1 – QVSC
- Silver Medal Intermediate Girls Div. 1 – QVSC
- Gold Medal Junior Girls Div. 1 – QVSC
- Gold Medal Youth Girls Div. 2 – QVSC
- Gold Medal Youth Girls Div. 2 – AVSC
- Silver Medal Youth Boys Div. 1 – AVSC

2013

- Sunshine Coast Volleyball Champions
- Gold Medal Senior Girls Div. 1 – QVSC
- Bronze Medal Youth Girls Div. 2 – QVSC
- Gold Medal Junior Girls Div. 1 – QVSC
- Gold Medal Intermediate Girls Div. 1 – QVSC
- Silver Medal Intermediate Girls Div. 2 – AVSC
- Gold Medal Junior Boys Div. 1 – AVSC
- Gold Medal Open Boys Div. 2 – AVSC

2014

- Sunshine Coast Volleyball Champions
- Super 5 Volleyball Champions
- Bronze Medal Open Girls Div. 1 – QVSC
- Silver Medal Intermediate Boys Honours – QVSC
- Bronze Medal Junior Boys Honours – QVSC
- Silver Medal Intermediate Girls Div. 1 – QVSC
- Gold Medal Youth Boys Div. 1 – QVSC
- Bronze Medal Youth Girls Div. 2 – AVSC

2015

- Sunshine Coast Volleyball Champions
- Silver Medal Senior Girls Div. 1 – QVSC
- Gold Medal Open Girls Div. 2 – QVSC
- Silver Medal Junior Girls Div. 1 – QVSC
- Silver Medal Youth Girls Div. 2 – AVSC
- Gold Medal Intermediate Girls Div. 1 – AVSC
- Gold Medal Intermediate Boys Div. 1 – AVSC

2016

- Sunshine Coast Volleyball Champions
- Bronze Medal Senior Girls Fours – QBVSC
- Silver Medal Junior Girls Fours – QBVSC
- Bronze Medal Junior Boys Fours – QBVSC
- Gold Medal Year 10 Boys Div. 1 – IQVSC
- Silver Medal Year 9 Girls Hon. – IQVSC
- Bronze Medal Year 12 Boys Hon. – SQVSC
- Silver Medal Year 11 Girls Div. 1 – AVSC

2017

- Gold Medal Senior Girls Fours - QBVSC
- Gold Medal Intermediate Boys Fours - QBVSC
- Silver Medal Intermediate Girls Fours - QBVSC
- Gold Medal Junior Boys Fours - QBVSC
- Champion School Trish Buckley (Junior and Senior)
- Bronze Medal Year 10 Boys - QVSC
- Gold Medal Year 9 Girls Div. 1 - QVSC
- Bronze Medal Year 10 Girls Div 1 - QVSC
- Super 5 Volleyball Champions
- Gold Medal Year 12 Girls Div. 1 - SQVSC
- Silver Medal Year 11 Girls Div. 2 - SQVSC
- Gold Medal Year 7 Girls Div. 1 - JQVSC
- Gold Medal Year 9 Girls Div. 2 - AVSC

Co-curricular Activities

A positive social climate enhances learning and is critical to us achieving our vision. To build a positive culture we provide many opportunities. These include:

- Arts Expo
- Beacon program
- Breakfast program
- Camps/Tours
- Care Program
- Career pathways program
- Concerts
- Constitutional Convention
- Debating
- Drugs, Alcohol Forum
- Extra-curricular activities
- Excursions
- Gifted and Talented Program
- International Program hub
- Inter-school sport
- Lunchtime activities and competitions eg: Bonsai and Knitting clubs
- Musicals
- PARTY Program
- Rotary Interact Club
- RYDA driver education
- RYDEN Leadership Program
- Smart & Healthy Schools program
- Sport
- Student Representative Council
- Support services room
- Traineeships
- Transition program
- TREK
- Work placement programs
- Youth week
- Y-lead

How Information and Communication Technologies are used to Assist Learning

Technology encompasses more than computers at Burnside State High School, students are actively engaged in a range of technological devices quite new to the classroom.

- Computers are used for whole of class activities, group activities and individual access through computer rooms, Resource Centre, and by Senior students on their non-timetable day.
- All year 7 and 8 students undertake technology skills as a component of the year 7 and 8 curriculum.
- Horizons 1:1 laptop program in years 7-9.
- Data projectors to cater for teacher directed learning have been installed in over 40 classrooms.
- Wireless network has been installed across the whole school site.
- All teachers have their Computers for teachers laptop provided by Education Queensland.
- NSSCF 1:1 laptop program was rolled out to year 11 and 12 students in 2012.
- 94.2% of students are satisfied with the access to computers and other technologies at school for learning.
- 92.9% of students are satisfied with the way they use computers and other technologies at school for learning.
- 95.4% of parents understand how computers and other technologies are used in the school to enhance my child's learning.
- 89.7% of students are satisfied that they are encouraged to use computers and other technologies at school for learning.

Social Climate

Overview

Burnside State High School has a very supportive school environment which caters for the full range of students. The culture at Burnside is focused on positive relationships and respect and is clearly linked to our core values of Care, Consideration and Co-operation. The Responsible Behaviour Plan is supported by well-structured and consistent processes for classroom and grounds participation.

To support students we provide:

- Support services room
- School Nurse
- Chaplain
- Youth Support Co-ordinator
- International Hub

Burnside State High School is clearly providing a safe environment as demonstrated by student and parent satisfaction. This includes satisfaction for school climate in all areas above the state average for parents and students as demonstrated below:

- 92.3% parents satisfied that their child is getting a good education at this school

- 92.2% parents satisfied that their child is safe at this school
- 90.3% parents satisfied staff are approachable at this school
- 92.1% parents satisfied school has a strong sense of community
- 89.6% students like being at this school
- 91% students feel safe at this school
- 93.7% students state they are getting a good education at this school

We are very pleased with the high levels of confidence that the students have in the school. This result reinforces that our strong focus on students discipline and support, against bullying and social and emotional development are having a great impact in terms of ensuring a positive, safe and respectful environment for all.

Parent and community engagement

Parents are welcomed and encouraged to become involved in their child's education wherever possible. Involvement at Burnside State High School can take many forms.

We strive to engage and involve parents through:

- Flyers sent home with students
- Personalised letters
- Student activities: Subject Expo, Hospitality Restaurants
- Volunteer support
- Triple P parenting program
- Guest speakers invited to present
- Promotion of the school as a community hub
- Managers and Coaches for sporting teams
- Parents who have local businesses are work placement providers for students
- Parents and community groups very involved in STEMM program
- School musical supported by parents
- 92.3% parents satisfied that the school provides them with useful feedback on how their child is progressing
- 90.3% parents satisfied that staff are responsive to their enquiries
- 93.7% parents satisfied they can talk to teachers about their concerns

The P & C meets monthly to assist the school with strategic planning, policy formulation and fundraising activities.

Parent teacher interviews are conducted each semester and all parents are invited to meet with their child's teacher/s to ensure they are well informed about how their child is progressing with their studies. Student reports are sent out by mail at the end of each term.

The school newsletter is posted home by hard copy on a monthly basis and helps to keep families connected to the school and be aware of school happenings and activities and also raise awareness of school achievements.

Respectful relationships programs

The school has developed and implemented a program or programs that focus on appropriate, respectful and healthy relationships. Our school values of Care, Consideration and Co-operation underpin everything we do at Burnside SHS. Our Responsible Behaviour Plan is very focused on the values and there are clearly articulated expected behaviours found in our school expectations matrix which is found in every classroom so it can be used as a point of reference. We take part in the Bullying: No Way day and also are a white ribbon school.

The school has developed and implemented a program/or programs that focus on appropriate, respectful, equitable and healthy relationships.

School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2015	2016	2017
Short Suspensions – 1 to 10 days	282	235	214
Long Suspensions – 11 to 20 days	2	4	7
Exclusions	5	6	5
Cancellations of Enrolment	7	0	0

Environmental Footprint

Reducing the school's environmental footprint

Burnside State High School has implemented a range of strategies in 2017 with a view to reducing the school's environmental footprint. These have included:

- Environmental Team works to set goals to improve the impact on our environment
- National Solar Schools Project with the installation of solar panels.
- Replacement fluorescent tubes with energy efficient tubes.
- Burnside Community Garden established through gambling grant and includes the installation of water tanks and solar panels.
- Dual flush toilets now installed in all toilets.
- Recycling program introduced across the school and managed by DLH students. Funding was gained for this project from Sunshine Coast Regional Council.
- Awarded a can/bottle crusher which is placed near the canteen.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2014-2015	325,112	
2015-2016	326,204	
2016-2017	338,099	

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

School Funding

School income broken down by funding source

School income, reported by financial year accounting cycle using standardized national methodologies and broken down by funding source is available via the *My School* website at <http://www.myschool.edu.au/>.

To access our income details, click on the *My School* link above. You will then be taken to the *My School* website with the following 'Find a school' text box.

- Literacy and Numeracy
- Differentiation
- Education Queensland mandatory professional development

The proportion of the teaching staff involved in professional development activities during 2017 was 100%.

Staff Attendance and Retention

Staff attendance

AVERAGE STAFF ATTENDANCE (%)			
Description	2015	2016	2017
Staff attendance for permanent and temporary staff and school leaders.	97%	97%	97%

Proportion of Staff Retained from the Previous School Year

From the end of the previous school year, 96% of staff was retained by the school for the entire 2017.

Performance of Our Students

Key Student Outcomes Student Attendance

Student attendance

The table below shows the attendance information for all students at this school:

STUDENT ATTENDANCE 2017			
Description	2015	2016	2017
The overall attendance rate* for the students at this school (shown as a percentage).	89%	89%	90%
The attendance rate for Indigenous students at this school (shown as a percentage).	85%	85%	88%

*The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

The overall student attendance rate in 2017 for all Queensland Secondary schools was 90%.

AVERAGE STUDENT ATTENDANCE RATE* (%) FOR EACH YEAR LEVEL													
Year Level	Prep	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Year 11	Year 12
2015								91%	92%	86%	88%	88%	91%
2016								91%	89%	88%	85%	89%	93%
2017								92%	89%	89%	90%	89%	92%

*Attendance rates effectively count attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

DW = Data withheld to ensure confidentiality.

Student Attendance Distribution

The proportions of students by attendance range:

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the Department of Education procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Attendance rolls are marked through OneSchool each lesson by the class teacher. Parents of students absent from school are required to provide a reason for the student absence. An unexplained absence notification text will be generated and sent the same day to parents for any recorded unexplained absences. If students are absent for more than two consecutive days, the parent is contacted by the school to obtain a reason for their absence. Parents of students with high level absenteeism are invited to meet with administration to discuss strategies for improvement. If the high level of absenteeism continues, the Principal commences with enforcement of the Compulsory School and Compulsory participation process.

NAPLAN

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

To access our NAPLAN results, click on the My School link above. You will then be taken to the My School website with the following 'Find a school' text box.

Year 12 Outcomes

OUTCOMES FOR OUR YEAR 12 COHORTS			
Description	2015	2016	2017
Number of students receiving a Senior Statement	77	107	109
Number of students awarded a Queensland Certificate of Individual Achievement.	1	4	3
Number of students receiving an Overall Position (OP)	33	45	54
Percentage of Indigenous students receiving an Overall Position (OP)	0%	0%	33%
Number of students who are completing/continuing a School-based Apprenticeship or Traineeship (SAT).	12	13	14
Number of students awarded one or more Vocational Educational Training (VET) qualifications (incl. SAT).	76	105	109
Number of students awarded an Australian Qualification Framework Certificate II or above.	20	55	60
Number of students awarded a Queensland Certificate of Education (QCE) at the end of Year 12.	76	102	106
Percentage of Indigenous students awarded a Queensland Certificate of Education (QCE) at the end of Year 12.	100%	100%	100%
Number of students awarded an International Baccalaureate Diploma (IBD).	0	0	0
Percentage of OP/IBD eligible students with OP 1-15 or an IBD.	61%	78%	78%
Percentage of Year 12 students who are completing or completed a SAT or were awarded one or more of the following: QCE, IBD, VET qualification.	99%	98%	100%
Percentage of Queensland Tertiary Admissions Centre (QTAC) applicants receiving an offer.	96%	91%	100%

As at 3rd February 2017. The above values exclude VISA students.

OVERALL POSITION BANDS (OP)					
Number of students in each band for OP 1 - 25					
Years	OP 1-5	OP 6-10	OP 11-15	OP 16-20	OP 21-25
2015	3	4	13	12	1
2016	7	10	18	10	0
2017	9	20	13	11	1

As at 14th February 2018. The above values exclude VISA students.

VOCATIONAL EDUCATIONAL TRAINING QUALIFICATION (VET)			
Number of students awarded certificates under the Australian Qualification Framework (AQF)			
Years	Certificate I	Certificate II	Certificate III or above
2015	74	13	8
2016	103	47	10
2017	87	49	13

As at 14th February 2018. The above values exclude VISA students.

Certificate I courses studied included:

Certificate I in Business

Certificate I in Skills for Vocational Pathways

Certificate II courses studied included:

Certificate II in Business

Certificate II in Creative Industries

Certificate II in Health Support Services

Certificate II in Hospitality

Certificate II in Kitchen Operations

Certificate II in Skills for Work and Vocational Pathways

Certificate III courses studied included:

Certificate III in Basic Health

Certificate III in Beauty Services

Certificate III in Business

Certificate III in Early Childhood

Certificate III in Hospitality

Certificate III in Music Industry

Apparent Retention Rate – Year 10 to Year 12

APPARENT RETENTION RATES* YEAR 10 TO YEAR 12			
Description	2015	2016	2017
Year 12 student enrolment as a percentage of the Year 10 student cohort.	73%	72%	73%
Year 12 Indigenous student enrolment as a percentage of the Year 10 Indigenous student cohort.	125%	47%	46%

* The Years 10 to 12 Apparent Retention Rate is defined as the number of full-time students in Year 12 in any given year expressed as the percentage of those students who were in Year 10 two years previously (this may be greater than 100%).

Student Destinations

Post-school destination information

The results of the 2017 post-school destinations survey, Next Step – Student Destination Report (2017 Year 12 cohort), will be uploaded to the school's website in September.

Schools with fewer than 5 responses will not have a report available on the post-school destinations of Year 12 completers for reasons of confidentiality.

The report will be available at:

<http://www.burnsideshs.eq.edu.au/Supportandresources/Formsanddocuments/Pages/Documents.aspx>

Early leavers information

The destinations of young people who left the school in Years 10, 11 and prior to completing Year 12 are described below.

Students at Burnside State High School are guided to engage in a suitable pathway through the SET plan process. If the pathway at school is not meeting the students educational needs then students are supported into flexible pathways including transition to work, apprenticeship, TAFE or a combination of both to ensure success.
