Vocational Education and Training Consent to Pass on Information for Training and Assessment RTO # 30245

Dear Parents/Guardians

There are times when Burnside State High School is required to pass on student information to a third party for the purpose of training and assessment for Vocational Education and Training.

To keep in line with the National VET Data Policy and Australian Privacy Principles, school staff are not permitted to pass on information about your student to a third party without your written permission. You will be required to sign this acknowledgement and consent form as part of your student training agreement, for those occasions when it is necessary for the School to provide relevant information about your student to another organisation (e.g. QCAA, Department of Education and Training, NCVET, ASQA, USI registry or another external RTO).

Further information on the National VET Data policy can be found at: <https://docs.education.gov.au/node/46116>

Students or parents/guardians can have access to their own personal assessment records at any time, by approaching the VET Teacher concerned. If the matter is not related to any one specific subject you should approach the Head of Department.

I understand that student work is required in order to satisfy the QCAA that all assessment is of the correct, industry standard.
